## BELL'S ORDER PLAIN.

He Says He Has Tried for Two Years  
to Pacify Batangas Peacefully but  
from Now on the Rigors of  
War Will Prevail.

Washington, Jan. 20.—Having failed, after two years' strife, in subduing the insurrection in Batangas province, which lies south of Manila, and having satisfied himself that lenient treatment of the insurgents is productive of no good results, Gen. J. Franklin Bell, military commander in that province, has determined on the enforcement of war in the most vigorous and determined fashion, involving reconcentration in modified form, application of martial law in all directions and unflinching pursuit and punishment of natives who act as spies and traitors to the United States.

The reconcentration order is dated at Batangas, Dec. 8 last. It provides for the establishment of zones around garrisons into which friendly inhabitants are to be required to come under the penalty of confiscation and destruction of their property. This is said to be necessary to prevent the collection of forced contributions from inhabitants by insurgents. Military officers are allowed to fix the price of the necessities of life, and it is promised that people may return as soon as peaceful conditions are established.

This order is followed by a long circular by General Bell to his station commanders. It begins with the statement that he shares in the general conviction that insurrection continued because the greater part of the people, especially wealthier ones, do not really want peace, but the greatest good to the greatest number, he says, can be brought about by putting a prompt end to the insurrection. Therefore, he directs the application of the general order No. 100 in force during the civil war in the United States, which practically regards an insurgent as guerrilla and outside the pale of civilized warfare, and subject to death penalty wherever such insurgent does not engage continuously in war and observe all rules of war. It is provided that there shall be no executions without the approval of superior officers.

It is pointed out there is no just cause for exceptional caution or apprehension in attacking insurgent bodies wherever found, as excessive caution will do the army incalculable harm. The best defense against insurgents, he says, is to assume vigorous offense; to retire in presence of the enemy is hazardous and discouraging. Special injunction is laid on commanders to hunt down through loyal spies secret sympathizers with and contributors to the rebellion, many of whom could be found among the municipal officers.

### Predicted His Own Death.

New York, Jan. 20.—Daniel Sickles, cousin of General Daniel E. Sickles, is dead at his home in Brooklyn. He had had a premonition of his approaching end for several days. After dinner, Sunday evening, he told his sister that he thought he would die before morning, but as he showed no symptoms of illness, she did not think there was any cause for anxiety. Mr. Sickles lay down on the lounge while his sister went to the upper part of the house. When she returned, half an hour later, she found him dead. His death was due to the exhaustion of extreme old age.

### Was at Battle of Waterloo.

Quincy, Ill., Jan. 20.—Leonard Roeder of this city will next Tuesday celebrate his one hundred and second birthday. He is one of the very few persons left who witnessed the conflict on the plain of Waterloo, which changed the map of Europe and humbled the pride of the "Little Corsican." That will be 87 years ago on June 15 next, but the events are still fresh in the mind of this centenarian. He was there as a member of General Blucher's army, and has his discharge papers.

### Patrick Placed on Trial.

New York, Jan. 20.—Albert T. Patrick was called to trial today before Recorder Goff on the indictment charging him with the murder of Wm. Marsh Rice, the Texas millionaire who died in this city September 30, 1900. A special panel of 200 talesmen was summoned from which to select a jury. When the case was called it was announced the hearing of evidence would require at least a month of the court's time.

### Missionary Priest Dead.

New York, Jan. 20.—The Rev. Peter Cassidy, S. J., is dead of pneumonia. He was born in Ireland, May 13, 1845. He taught at St. Francis Xavier's, St. John's, Boston College, Georgetown University, and was president of St. Peter's College, Jersey City, for three

years. He spent the last four years of his life in missionary labors in Canada and this country.

### Where Schley Met Mrs. Schley.

Chicago, Ill., Jan. 20.—A tinge of romance will attend the visit of Admiral and Mrs. Winfield Scott Schley to Chicago this week. They will meet and be entertained at dinner by Mrs. John Morris, at whose house they were introduced when Admiral Schley was a cadet at the Annapolis naval academy and Mrs. Schley was a young woman.

### CONGRESS THIS WEEK.

Philippine Question the Most Important That Will Be Discussed.

Washington, Jan. 20.—The calendar of the house is still rather meager in the way of the important bills, so that there does not promise to be a heavy pressure of business during the week.

The urgent deficiency appropriation bill will occupy most of the time during the first few days of the week. It carries a total of \$16,700,000.

The Philippine question will be precipitated in the senate to-day, when the committee on the Philippines, which has the house Philippine tariff bill under consideration, expects to report the measure.

The isthmian canal may come up, but it is doubtful.

### Favor the Panama Route.

Washington, Jan. 20.—The president to-day transmitted congress supplemental report of the isthmian canal commission on the proposition of the Panama Canal company to sell their property to the United States government for \$40,000,000. The commission unanimously reports that after considering the changed conditions now existing, and all facts and circumstances upon which its present judgment must be based, the commission is of the opinion that the most practicable and feasible route for an isthmian canal to be under the control, management and ownership of the United States, is that known as the Panama canal route. The report is signed by all the members of the commission. It is accompanied by a letter of transmittal from the president to congress.

### Philippine Tariff Bill.

Washington, Jan. 20.—The senate committee on the Philippines has agreed to the report of the house Philippine tariff bill with amendments. The report was ordered by a strict party vote. The bill was amended as heretofore agreed upon being a reduction of 25 per cent on goods coming from the Philippines to the United States with additional reduction of export tax charged in the Philippines on products sent out of the islands to the United States.

The Democrats will present a substitute which will be reported to the senate. It provides that there shall be temporary free trade between the United States and the islands, that the United States shall continue to occupy and govern the islands until a stable government has been established when the president shall direct the withdrawal from the islands, the United States to retain such military or naval stations as are deemed necessary. The Philippines are declared to be foreign territory by the minority bill from the passage of the act.

### Urgent Deficiency Bill.

Washington, Jan. 20.—The house immediately after the meeting today went into the committee of the whole and entered upon consideration of the urgent deficiency appropriation bill which was reported to the house Saturday.

### Pension for Mrs. McKinley.

Washington, Jan. 20.—The senate committee on pensions has ordered a favorable report on the bill to grant a pension of \$5000 a year to Mrs. Ida S. McKinley, widow of late President McKinley.

### River Steamer Sinks.

Mobile, Jan. 20.—The river steamer Frank S. Stone of the Bigbee & Warrior Packet company, was wrecked by a floating log, or dead head, in Mobile river Saturday night, 30 miles above Mobile, and lies careened in 15 feet of water in mid-channel. No lives were lost. The steamer carried 25 passengers and a crew of 25 and a general cargo.

### Fall Breaks His Neck.

Guthrie, O. T., Jan. 20.—Tom Kelly, the well known farmer who lived several miles northeast of Norman, was thrown from his buggy while on his way home from town Saturday night and killed. His neck was broken. He was driving a spirited horse, which became frightened at something and bolted with him, overturning the buggy.

### Stove Works Destroyed.

Memphis, Jan. 20.—The plant of the H. Weiter Manufacturing company, manufacturer of stoves, located south of Calhoun street, was totally destroyed by fire Sunday night entailing a loss of \$250,000. The loss is covered by insurance to the amount of \$205,000, largely distributed among many companies.

### Robbed by Burglars.

Victoria, Col., Jan. 20.—Burglars entered the residence of William Gill and made away with \$4000 in currency and a certificate for \$1250. The money was in a trunk and was intended to be

SCOTT FIELD, of Robertson County, subject to the action of the Democratic primaries.

The city council at Brenham is considering the question of putting in an electric light plant.

The Robertson county grand jury has returned a batch of twenty-one bills for felonies.

Attention is called to the announcement of Hon. Scott Field, of Robertson county, for congress from this district. A more extended notice of his candidacy will appear later.

The smartest boy who ever went to school to me is running a barber shop, while the dullest, with one exception, is one of the most influential men in his county. In fact, you can't most always, hardly ever, some times tell how these slow boys and girls are going to turn out. The brain power in some children develops earlier than in others, and along certain lines. For instance, at 12 years of age, a child may be bright in other studies, and its mind nearly a blank in mathematics, while at 20 or later it may show remarkable aptitude for mathematics. I have noted one thing, and it is that mathematical precocity is a bad sign, as a rule. Don't be discouraged if your child seems dull in general or certain studies. There is often a latent reserve power in dull children which, developing later, astonishes fast people. For instance, a boy was dismissed from Cornell, Harvard and Yale for general stupidity, while two of these schools are today using his works as text books. It is, moreover, a mistake to badger and worry a dull child because its mind is not sufficiently developed to keep up with its precocious classmates.—Claridge in Texas Stock Farmer.

### THE TRUCK GROWERS.

An Important Meeting Last Saturday. McDuff Simpson Elected Secretary and Business Manager.

The Brazos County Truck Growers' Association held a special meeting at the court house Saturday, to attend to some special business—electing a business agent for the association and to attend to matter of ordering seed.

W. P. Connelly made a statement that he thought the association needed to select a business agent, to begin now to look up markets for the produce to be grown; to look after the purchase of boxes, baskets and other material; to take up the matter of ordering seeds, fertilizers, etc. He stated that Mr. McDuff Simpson had agreed to contract with the association to do this business. He also stated that to give this agent the proper weight in the business world, he ought to be the secretary of the association, and for these reasons, not being qualified by experience to do this work, he tendered his resignation as secretary, and asked the association to elect a secretary and business agent.

Mr. McDuff Simpson responded to a call for his proposition, and stated that he would undertake the work outlined and carry it on to the best of his ability for the association and for the remuneration would ask 10 per cent. commission on the gross amount of all seed ordered by him for members, and on mixed cars of products sold or shipped by him 10 per cent. commission on the gross returns. Provided, that if any grower ships or sells as much as a solid car of one article, as Irish potatoes, for instance, he would charge for commission on it only 5 per cent. Mr. Simpson said he was already in correspondence with the view of finding markets and buyers, and he believed he could get buyers on the spot to purchase most of the produce raised. On one point he was emphatic—that is, that he can sell everything produced by the association. Of course, by selling, he meant he could sell at fair prices. He stated that in the matter of purchasing seed, his commission of 10 per cent. would not represent but a small part of what he would save the associa-

tion by ordering in bulk. He would, if contract was made with him, visit the different members at their homes as much as possible and advise with them about what to plant, and how to cultivate it. At shipping or selling time he would have a place of business in Bryan and receive and examine stuff brought in, and instruct in the matter of packing. He would have to employ help to keep accounts straight, and all this expense he would bear. He would want the members to sign contracts with him, setting forth the terms about as herein outlined.

W. P. Connelly made a motion that Mr. Simpson's proposition be accepted and that he be elected secretary of the association. The motion carried, with but one dissenting vote.

The secretary requested information from those present as to the condition of the crop.

The result of the call showed that at least three-fourths of the onions planted were destroyed by the freeze of the 15th of December. Some few members, who planted earliest, had plants so large that the freeze did not kill them. Estimating these, it is supposed that there will be some 15 to 20 acres of onions grown by the members of the association, where had it not been for this very unusual calamity the acreage would probably have been four times that amount.

In response to a call, many reported their tomato seed germinating in hotbeds. There was some complaint about the Dwarf Champion seed not germinating well.

The secretary took the sense of the meeting in respect to taking stock in a canning factory. The matter was discussed, and the secretary reported that the business league of Bryan had expressed a desire to know if the truck growers would themselves take stock in a cannery—say \$5 each, more or less, not less than \$2.50 each. A vote on the question resulted in an expression from twenty out of thirty-two members present, that they would take about \$5 worth of stock each. One member stating that he would take \$25 stock.

On motion, the meeting adjourned to meet again on the next regular meeting day, the first Saturday—February 1.

### Girls' Industrial school.

The Girls' industrial school commissioners are getting along towards the finish of their work. They have considered the following propositions up to Sunday:

Austin, selection of one of three sites, one 18 acres; one 20 acres and the third 21 acres and \$5,000 cash.

San Antonio, one of three sites of 20 acres, one at West End and the other two at Laurel Heights and \$10,000 cash.

Taylor, 150 acres on Washington Heights and \$5,000 cash.

Bryan, to annex the institution to the Agricultural and Mechanical College.

Hillsboro, one of three sites, two 20 acres each and third 50 acres.

Amarillo, 100 acres of land and \$10,000.

Walnut Springs, choice of four sites and \$3,500 cash.

Dublin, 100 acres of land and choice of three sites and \$25,000 cash.

Waco, choice of several tracts of land near city of 20 acres, one tract of 10 acres near Proctor Springs.

The proposition of Denton will not be opened until that city is reached.

The same rule will apply to Jefferson, Greenville, Terrell and Huntsville.

### FIGHTING AT PANAMA.

Government Warships Fighting Insurgent Vessels in Harbor.

Colon, Colombia, Jan. 20.—A naval battle, which began at 6 o'clock this morning, is in progress in the harbor of Panama. The revolutionary fleet consists of steamers Padilla, Darlen and Gaitan. They are trying to force a landing off Sacana.

The government ships are the Chilean line steamer Lautaro, the Pacific Steam Navigation company's steamer Chicuito, and Panama Canal company's steamer Boyaca. The first named steamer was seized by General Alban, and the other two had been chartered by the Colombian government.

As this dispatch is sent, three shots have just passed over Chicuito, and she has answered with several shots. They fell close to the Padilla, which seems to be retiring. The guns at Las Bovedas are also firing at rebel ships. The government forces are throwing up entrenchments.

The United States cruiser Philadelphia is close to the scene of fighting.

### Report of Fighting Confirmed.

Washington, Jan. 20.—The state department has received the following cablegram from Consul General Gudgeon, dated Panama: "Fighting in bay. Governor was killed; excitement great."

The secretary of the navy has received the following cablegram from Capt. Mead, commanding the Philadelphia, dated Panama:

The insurgents' steamer Padilla attacked the Lautaro at close quarters. The crew deserted her. She is now on fire and is sinking.

### REWARD OFFERED.

Commission Deluged With Pleas to Reconsider Reduction of Freight Tariff.

Austin, Jan. 20.—The governor has offered a reward of \$250 in each of two cases for the arrest and conviction of the unknown parties who fired a load of buckshot into the residence of C. F. and John Palmer at Lytton Springs, twenty miles from here, a few days ago. The affair created great excitement.

The railroad commission issued a notice of a hearing for Feb. 18 to take up and consider the matter of exception to the classification allowing carload shipments between points in Texas to be stopped in transit for unloading ripe bananas, the number of stops and the charges therefor.

The railroad commission is deluged with letters and petitions from railroads over the state, asking it to reconsider its decision on the delayed passenger order promulgated some time ago, and upon which a rehearing will be held to-morrow.

### FIRE AT A FUNERAL.

The Corpse Was Rescued With Difficulty from the Church.

Hartford City, Ind., Jan. 20.—At the United Brethren church near Humboldt, while Rev. J. M. Hobbs was preaching a funeral sermon, flames burst through the floor beneath the casket and the church was almost immediately filled with suffocating smoke. In the excitement of the panic-stricken mourners and friends of the deceased, they escaped through windows, and the corpse was momentarily forgotten, but was finally rescued from the flames. The male worshippers formed a bucket brigade, and the flames were extinguished before the church was totally destroyed. The funeral cortege then proceeded to the cemetery, where the preacher finished the sermon at the grave. The fire was caused by an overheated stove in the basement.

### MINERS CONVENTION.

Nearly One Thousand Delegates Attending the Annual Meeting.

Indianapolis, Jan. 20.—Nearly 1000 members of United Mine Workers of America have gathered here for their thirteenth annual convention, which is in session at Tomlinson hall. It is confidently expected by President Mitchell, Secretary Wilson and other officials, that it will be the largest convention ever held by union laborers. Delegates are here from 24 states, representing every bituminous and anthracite coal field in the United States.

The convention will continue to Jan. 30, when the joint conference with operators of Ohio, Pennsylvania, Illinois and Indiana will begin. This conference will probably last ten days. It is understood miners will ask for an advance in wages equal to 10 per cent.

### First Coal Dealer of Chicago.

Chicago, Ill., Jan. 20.—Charles A. Reno, who is said to have been the first retail coal dealer in Chicago, and to have supplied the domestic trade entirely with a one-horse wagon at one time, is dead in this city. He was 84 years old, and came to Chicago in 1848. His business grew with the growth of the city, and later organized one of the leading firms of Chicago. Mr. Reno became police commissioner in 1862 and held the office until it was abolished by the present city charter.

### Flax Mill Building Falls.

Belfast, Jan. 20.—A wall of the Belfast flax mills collapsed here, burying the operatives, who included many women. Ten bodies have been extricated from the ruins.

### Yarn Mills Destroyed.

Fall River, Mass., Jan. 20.—Fire in the Globe yarn mills of the New England Yarn company, has damaged the plant to the extent of about \$200,000.

### FOR CONGRESS.

SCOTT FIELD, of Robertson County, subject to the action of the Democratic primaries.

The city council at Brenham is considering the question of putting in an electric light plant.

The Robertson county grand jury has returned a batch of twenty-one bills for felonies.

Attention is called to the announcement of Hon. Scott Field, of Robertson county, for congress from this district. A more extended notice of his candidacy will appear later.

The smartest boy who ever went to school to me is running a barber shop, while the dullest, with one exception, is one of the most influential men in his county. In fact, you can't most always, hardly ever, some times tell how these show boys and girls are going to grow out. The brain power in some children develops earlier than in others, and along certain lines. For instance, at 12 years of age, a child may be bright in other studies, and its mind nearly a blank in mathematics, while at 20 or later it may show remarkable aptitude for mathematics. I have noted one thing, and it is that mathematical precocity is a bad sign, as a rule. Don't be discouraged if your child seems dull in general or certain studies. There is often a latent reserve power in dull children which, developing later, astonishes fast people. For instance, a boy was dismissed from Cornell, Harvard and Yale for general stupidity, while two of these schools are today using his works as text books. It is, moreover, a mistake to badger and worry a dull child because its mind is not sufficiently developed to keep up with its precocious classmates.—Claridge in Texas Stock Farmer.

### THE TRUCK GROWERS.

An Important Meeting Last Saturday. McDuff Simpson Elected Secretary and Business Manager.

The Brazos County Truck Growers' Association held a special meeting at the court house Saturday, to attend to some special business—electing a business agent for the association and to attend to matter of ordering seed.

W. P. Connelly made a statement that he thought the association needed to select a business agent, to begin now to look up markets for the produce to be grown; to look after the purchase of boxes, baskets and other material; to take up the matter of ordering seeds, fertilizers, etc. He stated that Mr. McDuff Simpson had agreed to contract with the association to do this business. He also stated that to give this agent the proper weight in the business world, he ought to be the secretary of the association, and for these reasons, not being qualified by experience to do this work, he tendered his resignation as secretary, and asked the association to elect a secretary and business agent.

Mr. McDuff Simpson responded to a call for his proposition, and stated that he would undertake the work outlined and carry it on to the best of his ability for the association and for the remuneration would ask 10 per cent. commission on the gross amount of all seed ordered by him for members, and on mixed cars of products sold or shipped by him 10 per cent. commission on the gross returns. Provided, that if any grower ships or sells as much as a solid car of one article, as Irish potatoes, for instance, he would charge for commission on it only 5 per cent. Mr. Simpson said he was already in correspondence with the view of finding markets and buyers, and he believed he could get buyers on the spot to purchase most of the produce raised. On one point he was emphatic—that is, that he can sell everything produced by the association. Of course, by selling, he meant he could sell at fair prices. He stated that in the matter of purchasing seed, his commission of 10 per cent. would not represent but a small part of what he would save the association by ordering seed in bulk. He would, if contact was made with him, visit the different members at their homes as much as possible and advise with them about what to plant, and how to cultivate it. At shipping or selling time he would have a place of business in Bryan and receive and examine stuff brought in, and instruct in the matter of packing. He would have to employ help to keep accounts straight, and all this expense he would bear. He would want the members to sign contracts with him, setting forth the terms about as herein outlined.

MEN'S OUTFITTERS

Mr. and Mrs. G. A. Holmes of Marlin were visitors to Bryan yesterday. Mrs. W. I. Derden came up from Houston Sunday for a visit to relatives.

Hon. R. E. Prince, candidate for congress, was here from Corsicana Saturday and Sunday.

Cream Bread—We sell the same kind of Cream bread we have been selling heretofore. Give us your orders. Jno. M. Lawrence & Co.

The little son of Mr. and Mrs. Walter Higgs was dangerously ill yesterday.

Miss Mattie Rowley returned to Hearne yesterday after visiting Mrs. Wardell.

Get a coupon book at Franklin Bros. and buy your meats as you need them. You save trouble and get the best.

Misses Daisy Lee and Nettie Scott visited Mrs. R. H. Seale at Benchley Sunday.

D. W. Ford of Hollis was here yesterday, accompanying his niece, Miss Annie Jackson, en route home to Port Lavaca.

The beef you buy at Franklin Bros. is from selected animals and has been skillfully handled. It is the best you can buy in Bryan.

Hammett Stuart has returned to his former position as assistant baggage smasher for the Central at Houston.

Col. J. H. Carter, formerly private secretary to Gov. L. S. Ross at the A. & M. College, died recently at his home in Longview.

A visit to Franklin Bros. two big markets any day will convince you that they are the leading meat dealers. If you want the best, try them.

Mr. and Mrs. A. J. Buchanan attended the Nordica concert at the auditorium in Houston last night.

Mrs. J. J. Mistrot and daughter, Mrs. Marie Stephens, of St. Louis, passed through Bryan yesterday en route to Navasota.

Mrs. C. M. Proctor's millinery store is now located at the Leman House, and she is selling ribbons and many other things almost at your own price, to make room for new goods. A call will convince you that she has bargains to offer.

County court is now in session grinding on a light criminal docket. Miss Annie Linley returned to Houston yesterday after visiting Miss Zulch.

Mr. B. Kaczer has opened his stock of dry goods and groceries in the McConico building, and both Mr. Kaczer and Mr. Joseph Gelber have moved their families from Tyler back to Bryan.

Two ladies, representing the "Life Boat Orphan Home," located at Keene, Johnson county, near Cleburne, canvassed the town yesterday in the interest of their institution, and seemed to be very liberally treated.

Mr. L. H. Baird and Miss Estella Collins were married at the courthouse at noon yesterday by Justice W. G. Mitchell. The young man resides near Judge Henderson's place, and the couple have many friends in the county with whom the Eagle joins in wishing them abundant happiness.

### Texas Bakery Open.

The Texas Bakery is now open and doing business at the old stand. Everything is first class. Come and see for yourself. The finest bread, cakes, etc., baked in your own town. Salesroom is back in the shop until main store is finished.

OTTO BOEHME.

The remains of Mr. P. E. Willman arrived Sunday afternoon from Grand Saline. The funeral took place from the residence of Mr. and Mrs. W. D. Lawrence. Dr. W. C. Friley, pastor of the Baptist church, conducted the service. The remains were accompanied to Bryan by Mr. Geo. S. Willman of Greenville. The members of Camp J. B. Robertson, U. C. V., attended the funeral in a body and acted as pall bearers.

Sunday night some person or persons smashed an arc light on Main street, demolished the lamp sign in front of Rohde's saloon and threw a stone through two plate glass windows of an I. & G. N. chair car standing in the yards near the depot. This is inexcusable malicious mischief and will of course be summarily punished if the offenders are caught. Bryan has been singularly free from such things for many years, and the Eagle hopes that nothing like it will occur again.

## ON THE ROAD IN BRAZOS COUNTY.

BOLL WEEVIL—CROP PROSPECTS—  
CONDITION OF CATTLE—FARMERS BUSY—PROSPECTS  
ENCOURAGING FOR THE  
TIME OF YEAR.

### AN EAGLE REPRESENTATIVE ABROAD

And What He Finds of Interest to the Public.

The people in the country I have visited, from Bryan to Wellborn, and contiguous country, are pushing farm work vigorously. Plowing, fertilizing and preparing for another crop is the order of the day. I notice a great deal of clearing land and putting in new ground. The most encouraging feature of the work is the fact that farmers are saving barnyard manure and scraping up all the home fertilizers and putting them in the field. This policy will be found to pay well, and in the course of time they will learn how to preserve all the valuable fertilizing products that have heretofore gone to waste on the premises.

Cattle in the Brazos cotton fields are doing fairly well. J. W. Carson sold a hundred head of fat cattle, out of the bottom, part of them in Bryan and a couple of cars he shipped to Houston. Cattle on the hills, where not fed, are not doing well on account of the drouth causing vegetation to be so scarce.

My work in the interest of the Bryan Eagle proved very successful indeed. The people of the county are getting to read their home papers more than ever before and are disposed to keep paid up, and everybody likes the Eagle.

If good seasons come the prospects are good for a big crop in this county. People are hopeful that the boll weevil will not be so destructive this year. Investigation in most places fails to find any signs of the weevil, and great encouragement is felt on account of this.

I will be in other parts of the county during the coming weeks and will let the readers of the Eagle hear from me again. My next visit will be in the Millican country, and I will probably have something of interest to report about the truck growing interests there.

### "Down the Rio Grande."

Some years since the citizens of Laredo and New Laredo conceived the idea of fittingly celebrating Washington's Birthday (Feb. 22) by suitable "Mexican-American" fiestas and parades, and from a small source this has grown to a magnificent event, unsurpassed in its splendid surroundings and interesting particulars by anything of a similar nature.

International in its character, located on the border line between the two Great Republics, occurring at a season of the year when business cares press lightly, and at a time when weather conditions in that locality are ideal, this event offers unsurpassed inducements to the pleasure-seeker.

This year the celebration will consist of three days continuous festivities, Feb. 21st, 22d and 23d, the principal day of course being the 22d, and the program, which is very elaborate, will comprise several new and interesting features among which may be mentioned daylight and night bull fights, the latter by electric illumination, torchlight parades, embodying typical Mexican and Indian features, sham battle and capture of the city by the Indians, naval fireworks, military drills and display evolutions, historical pageants and trades display, flower carnival, band and musical contests, etc.

For this occasion low excursion rates will be made to Laredo, also for the benefit of those who desire to see more of Mexican life and customs, arrangements have been made for sale of ten-day excursion tickets to Monterey, permitting stop-over at Laredo in order to take in the International celebration.

BOLL WEEVIL—CROP PROSPECTS—  
CONDITION OF CATTLE—FARM-  
ERS BUSY—PROSPECTS  
ENCOURAGING FOR THE  
TIME OF YEAR.

### AN EAGLE REPRESENTATIVE ABROAD

And What He Finds of Interest to the Public.

The people in the country I have visited, from Bryan to Wellborn, and contiguous country, are pushing farm work vigorously. Plowing, fertilizing and preparing for another crop is the order of the day. I notice a great deal of clearing land and putting in new ground. The most encouraging feature of the work is the fact that farmers are saving barnyard manure and scraping up all the home fertilizers and putting them in the field. This policy will be found to pay well, and in the course of time they will learn how to preserve all the valuable fertilizing products that have heretofore gone to waste on the premises.

Cattle in the Brazos cotton fields are doing fairly well. J. W. Carson sold a hundred head of fat cattle, out of the bottom, part of them in Bryan and a couple of cars he shipped to Houston. Cattle on the hills, where not fed, are not doing well on account of the drought causing vegetation to be so scarce.

My work in the interest of the Bryan Eagle proved very successful indeed. The people of the county are getting to read their home papers more than ever before and are disposed to keep paid up, and everybody likes the Eagle.

If good seasons come the prospects are good for a big crop in this county. People are hopeful that the boll weevil will not be so destructive this year. Investigation in most places fails to find any signs of the weevil, and great encouragement is felt on account of this.

I will be in other parts of the county during the coming weeks and will let the readers of the Eagle hear from me again. My next visit will be in the Millican country, and I will probably have something of interest to report about the truck growing interests there.

OTTO BOEHME.

The remains of Mr. P. E. Willman arrived Sunday afternoon from Grand Saline. The funeral took place from the residence of Mr. and Mrs. W. D. Lawrence. Dr. W. C. Friley, pastor of the Baptist church, conducted the service. The remains were accompanied to Bryan by Mr. Geo. S. Willman of Greenville. The members of Camp J. B. Robertson, U. C. V., attended the funeral in a body and acted as pall bearers.

Sunday night some person or persons smashed an arc light on Main street, demolished the lamp sign in front of Rohde's saloon and threw a stone through two plate glass windows of an I. & G. N. chair car standing in the yards near the depot. This is inexcusable malicious mischief and will of course be summarily punished if the offenders are caught. Bryan has been singularly free from such things for many years, and the Eagle hopes that nothing like it will occur again.

ROBBED OF DIAMONDS A BOILER EXPLOSION.

A Drummer Loses Between \$10,000 and \$12,000 Worth.

TAKEN FROM TRUNKS MANY LIVES LOST.

The Sparklers Were Secured from Sample Cases Left in the Depot. Other Valuables in Trunks Were Not Molested.

Glendive, Mont., Jan. 20.—Robbers secured between \$10,000 and \$20,000 worth of unset and set diamonds here by stealing two trunks from the baggage room of the Northern Pacific station and breaking them open. Nothing is missing from the trunks except a bag of unset diamonds and 300 or 400 diamond rings. A tray containing 24 set diamonds was overlooked by the robbers.

The trunks were the property of C. B. Clausen, traveling representative of S. H. Clausen & Co., wholesale manufacturing jewelers of Minneapolis. Mr. Clausen arrived from the east Saturday night and left his trunks in charge of the baggage agent. Four men were in the upper story of the station asleep and the express agent slept in a room adjoining the baggage room but none of them heard the robbers at work. The windows of the baggage room were forced open and through it the two trunks which weighed 250 pounds each were hoisted out. They were taken only a few feet from the station where they were broken open and the diamonds taken. Local officers have made an arrest upon suspicion.

**Mrs. Hames Acquitted.**  
Brownwood, Tex., Jan. 20.—The case of Mrs. Carrie Hames, charged with the murder of her husband at Santa Anna in 1896, came to an end Saturday night when the jury returned a verdict of not guilty. The case had been tried many times. At this term of the court the case came on a plea of former jeopardy on account of the former jury having been discharged in her absence and without the consent of the defendant. The jury returned a verdict in accord with the claim of the defendant, which meant an acquittal.

**Caught on a Trestle.**  
Brenham, Tex., Jan. 20.—Prof. W. C. Grossman and his son Willie were mowed to death at 3 o'clock Sunday evening while out for a stroll through the country. The Santa Fe track was selected for the route and they went north for a distance of three miles. Returning they had covered about half the distance home and were walking across a high trestle about one hundred feet long. They were caught on the trestle by the passenger train and both killed.

**Ennis Merchant Hurt.**  
Ennis, Tex., Jan. 20.—Will Gibson, a merchant of this city, was found early Sunday morning at a livery stable here in an unconscious condition and quite weak from loss of blood from two ugly wounds in the head. No one knows how or when he got to the stable, and he has not recovered sufficiently to give any explanation. His buggy, in which he was last seen, was found several blocks away with the horse unhitched.

**Fell from a Bridge.**  
Sherman, Tex., Jan. 20.—Fred Kiser, aged 21 years, an employee of the firm of contractors who are constructing the bridges and trestles of the Texas Red River and Southern railroad, is in a precarious condition in his room in East Pacific street with his right leg and left arm broken, his collar bone dislocated and various other bruises the result of a fall from a bridge.

**Memphis Saloon Robbed.**  
Memphis, Jan. 20.—Three masked men entered the saloon of M. W. Herron here Sunday night and ordered the proprietor to hand over his cash on hand. He grabbed a revolver and opened fire on the highwaymen. A general fusillade followed, in which Herron was shot four times in the arms. The robbers secured about \$200 and made good their escape.

**Several Small Riots.**  
Terre Haute, Ind., Jan. 20.—An attempt on the part of the Terre Haute Electric company to run its cars after a boycott was declared by the Central Labor union resulted Sunday in several small riots in the business center. Three cars were held up and the non union motormen and conductors were forced to leave the cars.

**To Make Pressed Bricks.**  
Denton, Tex., Jan. 20.—Wm. Brice of Fort Worth and W. C. Weeks of Arlington have purchased twenty acres of land in the southern part of the city and have begun work thereon erecting a big pressed brick plant.

**Robbed by His Countrymen.**  
Kirkville, Mo., Jan. 20.—I. Solomon, a Syrian, living at Keokuk, was held up Saturday night and robbed of a money belt containing \$8,500. Two fellow-countrymen have been arrested charged with the robbery.

**Boer Commandant to Be Shot.**  
Graaf-Reinet, Cape Colony, Jan. 20.—Lord Kitchener has confirmed the death sentence upon the Boer commandant, Scheepers, who was captured last October. He will be shot next Saturday.

**Died of His Injuries.**  
Navasota, Tex., Jan. 20.—J. M. Barrow, who was run over by a Santa Fe train Thursday, died from the injuries received.

Half a Village Destroyed Where a Spinning Mill Was Situated.

MANY LIVES LOST.

Sixteen Mutilated Bodies Have Been Rescued and It Is Believed Thirty of the Injured Will Succumb to Their Injuries.

Barcelona, Jan. 20.—The explosion of a boiler of a spinning mill near Manresa last Saturday destroyed half the village of Puente de Vilumara. The hospital at Manresa is filled with the injured. Sixteen mutilated bodies of working people, buried in the debris, have been recovered. These include the manager of the spinning mill and his two sisters. Of the persons injured 30 are not expected to recover. The dead include many children.

The boiler exploded in the evening when the mill hands, many of whom were accompanied by their wives and children, were eating supper before commencing their night's work. The buildings of the mill collapsed entirely, and the debris was hurled in all directions, destroying other buildings. Owing to the darkness the work of extricating victims proceeded with great difficulty. During the work of rescue there were heard the groans of the victims, whose mutilated bodies were pinned down by the ruins.

A long line of carts and carriages was engaged in conveying the injured to the Manresa hospital, five miles distant.

Sunday morning the inhabitants went among the ruins seeking the remains of friends and relatives, while the priests in the open air administered the last rites of the church to the dying.

It is now estimated that 60 persons were killed and 100 injured.

**Engineer Went to Sleep.**  
Kansas City, Jan. 20.—A west bound Missouri Pacific passenger collided head-on with an eastbound freight train one mile east of Etiah, Mo., Sunday. Judge Elijah Robinson, of Kansas City, received severe bruises. The wreck is a costly one. Engineer William Mazze of the freight, had fallen asleep in his cab and ran past Etiah. When he awoke and realized that he had passed Etiah and that it was too late to pull back, he stopped his train and running ahead endeavored to flag the passenger train. The passenger train was upon him, however, before he succeeded.

**Ran by the Siding.**  
Parkersburg, W. Va., Jan. 20.—Two freight trains met in head-end collision on the Baltimore and Ohio railroad six miles north of here Sunday, killing the engineer and fireman of one train and injuring a brakeman. Ten cars were piled up and both engines were almost demolished. Engineer Sorrel had orders to pass at Vienna siding, but he was relieving his fireman, who was new and exhausted, and passed the siding without knowing it.

**Wrong Man Killed.**  
Shawnee, O. T., Jan. 20.—B. B. Hunt of Huntsville, Mo., was shot and killed here by John Seville, who mistook him for an enemy. He went to Seville's home and demanded admittance. Seville had experienced trouble Saturday with other persons, and supposing that they had returned to open the quarrel, refused to admit him, and shot through the closed door. Hunt dropped dead on the steps.

**Priest Hanged Himself.**  
St. Louis, Mo., Jan. 20.—Frederick Krainhardt, a Catholic priest, residing at Josephville, Mo., committed suicide at the Alexian Brothers' hospital in this city by hanging himself with a bed sheet. Rev. Krainhardt was 62 years old and had officiated in a clerical capacity at Josephville for 30 years. He had been taking treatment at the hospital for nervous troubles since April, 1900.

**Jeweler Killed by Robbers.**  
Rochester, Jan. 20.—Bela E. Brown, aged 65, a prominent dealer in diamonds and manufacturer of jewelry, was found murdered in his store here. His legs were tied together and he was gagged with a long neck scarf. At the back of the head was a hole extending into the brain and there were a number of cuts about his head. No clue to perpetrators. Robbers secured few valuables.

**Death to Rioters.**  
Buda Pesth, Jan. 20.—During an agrarian riot in the village of Alsoides in the County of Maros-Torda, Transylvania a mob attacked the government officials and the gendarmes were compelled to fire on them. Ten of the mob were killed and 13 were severely wounded. One of the wounded has since died and four of them are not expected to recover.

**Indians Want No Fences.**  
Muskegoe, I. T., Jan. 20.—News has been received at the office of the United States Indian agent at this place that the Snake Indians, who live southwest of Checotah, have been giving citizens in that neighborhood trouble about fencing their allotments. They are headed by Abe Grayson, and are ordering citizens to stop fencing.

**Violinist and Actor Dead.**  
New York, Jan. 20.—Joseph Burke, the violinist and actor, who achieved prominence as the accompanist to Jenny Lind on her tour in 1850-51, died here in his 86th year.

BUILDINGS COLLAPSED.

Four Four-Story Structures at Detroit Completely Destroyed.

Detroit, Jan. 20.—Four buildings, each four-story, located in the heart of the wholesale district of this city, collapsed at 8:30 o'clock Sunday night without any apparent cause and all that now remains is a heap of ruins.

The buildings were a part of the block bounded by Jefferson avenue and Shelby and Griswold streets, and were occupied by five concerns, and the loss on their stocks, which is total, is estimated at \$152,000. The loss on the buildings amount to \$250,500.

No one seems to know what caused the collapse of the buildings. There are evidences of an explosion about the ruins, but no one heard a sound of such an explosion.

The walls of the rear part of the Maddock's Glove company's building are still standing to the height of two stories, but the roof of this part of the building lies turned bottom side upward in the middle of Shelby street, and a large iron smokestack lies on the sidewalk on the opposite side of the street, mashed against the buildings there, as if driven by force.

It was fortunate that the wreck occurred on Sunday night. Had it happened during business hours the loss of life would have been appalling as there were approximately 200 persons employed by the various firms.

The buildings collapsed into a heap, and in a short space of time the inflammable material caught fire from the furnaces used for heating the buildings. There were no watchmen about the premises, consequently there will be no loss of life.

MEMORIAL SERVICES.

Next Sunday McKinley Services Will Be Held in Many States.

Cleveland, O., Jan. 20.—The request by Governor George K. Nash of Ohio to the governors of all the states and territories to join with him in asking the people to properly observe the fifty ninth anniversary of the birth of William McKinley has met with immediate and hearty response. Nearly every governor has either issued a proclamation or semi-officially requested that there shall be memorial services on the Sunday preceding—January 26—in all the churches, that contributions be there received, and that all people testify by their voluntary offerings their love and devotion to the dead president. In many states public schools will hold special exercises and give to the fund.

In any community where there is no local auxiliary of the McKinley National Memorial association contributions may be sent to the treasurer, Myron T. Herrick, Cleveland, Ohio. The funds will be applied to the erection of a fitting memorial tomb to William McKinley, over his last resting place at Canton, Ohio.

Explosion of a Locomotive.

Des Moines, Jan. 20.—A boiler of a Rock Island passenger locomotive exploded near Victor, Iowa. Engineer and fireman both killed while the brakeman and two porters were seriously injured. A Pullman car was thrown from the track and rolled down an embankment. None of the passengers were seriously injured.

Child Burned to Death.

Dallas, Jan. 20.—Gracie Claus Rast, aged 4 years, died at 224 Portland street from the result of burns three or four days ago. She was sweeping in front of the fireplace in her home when the fire came in contact with her dress and she was burned severely before assistance came.

Robberies at San Antonio.

San Antonio, Jan. 20.—The residence of Otto Koehler, the brewer, on Laurel Heights, and the residence of William Weiss, near Koehler's were burglarized Saturday night, evidently, from the character of the work, by the same man, and diamonds and jewelry valued at \$5,000 were stolen.

## ROBBED OF DIAMONDS A BOILER EXPLOSION.

A Drummer Loses Between \$10,000 and \$12,000 Worth.

### TAKEN FROM TRUNKS

The Sparklers Were Secured from Sample Cases Left in the Depot. Other Valuables in Trunks Were Not Molested.

Glendive, Mont., Jan. 20.—Robbers secured between \$10,000 and \$20,000 worth of unset and set diamonds here by stealing two trunks from the baggage room of the Northern Pacific station and breaking them open. Nothing is missing from the trunks except a bag of unset diamonds and 300 or 400 diamond rings. A tray containing 24 set diamonds was overlooked by the robbers.

The trunks were the property of C. B. Clausen, traveling representative of S. H. Clausen & Co., wholesale manufacturing jewelers of Minneapolis. Mr. Clausen arrived from the east Saturday night and left his trunks in charge of the baggage agent. Four men were in the upper story of the station asleep and the express agent slept in a room adjoining the baggage room but none of them heard the robbers at work. The windows of the baggage room were forced open and through it the two trunks which weighed 250 pounds each were hoisted out. They were taken only a few feet from the station where they were broken open and the diamonds taken. Local officers have made an arrest upon suspicion.

#### Mrs. Hames Acquitted.

Brownwood, Tex., Jan. 20.—The case of Mrs. Carrie Hames, charged with the murder of her husband at Santa Anna in 1896, came to an end Saturday night, when the jury returned a verdict of not guilty. The case had been tried many times. At this term of the court the case came on a plea of former jeopardy on account of the former jury having been discharged in her absence and without the consent of the defendant. The jury returned a verdict in accord with the claim of the defendant, which meant an acquittal.

#### Caught on a Trestle.

Brenham, Tex., Jan. 20.—Prof. W. C. Grossman and his son Willie were mangled to death at 3 o'clock Sunday evening while out for a stroll through the country. The Santa Fe track was selected for the route and they went north for a distance of three miles. Returning they had covered about half the distance home and were walking across a high trestle about one hundred feet long. They were caught on the trestle by the passenger train and both killed.

#### Ennis Merchant Hurt.

Ennis, Tex., Jan. 20.—Will Gibson, a merchant of this city, was found early Sunday morning at a livery stable here in an unconscious condition and quite weak from loss of blood from two ugly wounds in the head. No one knows how or when he got to the stable, and he has not recovered sufficiently to give any explanation. His buggy, in which he was last seen, was found several blocks away with the horse unhitched.

#### Fell from a Bridge.

Sherman, Tex., Jan. 20.—Fred Kiser, aged 21 years, an employee of the firm of contractors who are constructing the bridges and trestles of the Texas, Red River and Southern railroad, is in a precarious condition in his room in East Pacific street with his right leg and left arm broken, his collar bone dislocated and various other bruises the result of a fall from a bridge.

#### Memphis Saloon Robbed.

Memphis, Jan. 20.—Three masked men entered the saloon of M. W. Herron here Sunday night and ordered the proprietor to hand over his cash on hand. He grabbed a revolver and opened fire on the highwaymen. A general fusillade followed, in which Herron was shot four times in the arms. The robbers secured about \$200 and made good their escape.

#### Several Small Riots.

Terre Haute, Ind., Jan. 20.—An attempt on the part of the Terre Haute Electric company to run its cars after a boycott was declared by the Central Labor union resulted Sunday in several small riots in the business center. Three cars were held up and the non union motormen and conductors were forced to leave the cars.

#### To Make Pressed Bricks.

Denton, Tex., Jan. 20.—Wm. Brice of Fort Worth and W. C. Weeks of Arlington have purchased twenty acres of land in the southern part of the city and have begun work thereon erecting a big pressed brick plant.

#### Robbed by His Countrymen.

Kirkville, Mo., Jan. 20.—I. Solomon, a Syrian, living at Keokuk, was held up Saturday night and robbed of a money belt containing \$8,500. Two fellow-countrymen have been arrested charged with the robbery.

#### Boer Commandant to Be Shot.

Graaf-Reinet, Cape Colony, Jan. 20.—Lord Kitchener has confirmed the death sentence upon the Boer commandant, Scheepers, who was captured last October. He will be shot next Saturday.

#### Died of His Injuries.

Navasota, Tex., Jan. 20.—J. M. Barrow, who was run over by a Santa Fe train Thursday, died from the injuries received.

Half a Village Destroyed Where a Spinning Mill Was Situated.

### MANY LIVES LOST.

Sixteen Mutilated Bodies Have Been Rescued and It Is Believed Thirty of the Injured Will Succumb to Their Injuries.

Barcelona, Jan. 20.—The explosion of a boiler of a spinning mill near Manresa last Saturday destroyed half the village of Puente de Vilumara. The hospital at Manresa is filled with the injured. Sixteen mutilated bodies of working people, buried in the debris, have been recovered. These include the manager of the spinning mill and his two sisters. Of the persons injured 30 are not expected to recover. The dead include many children.

The boiler exploded in the evening when the mill hands, many of whom were accompanied by their wives and children, were eating supper before commencing their night's work. The buildings of the mill collapsed entirely, and the debris was hurled in all directions, destroying other buildings. Owing to the darkness the work of extricating victims proceeded with great difficulty. During the work of rescue there were heard the groans of the victims, whose mutilated bodies were pinned down by the ruins.

A long line of carts and carriages was engaged in conveying the injured to the Manresa hospital, five miles distant.

Sunday morning the inhabitants went among the ruins seeking the remains of friends and relatives, while the priests in the open air administered the last rites of the church to the dying.

It is now estimated that 60 persons were killed and 100 injured.

#### Engineer Went to Sleep.

Kansas City, Jan. 20.—A west bound Missouri Pacific passenger collided head-on with an eastbound freight train one mile east of Etah, Mo., Sunday. Judge Elijah Robinson, of Kansas City, received severe bruises. The wreck is a costly one. Engineer Willmace of the freight, had fallen asleep in his cab and ran past Etah. When he awoke and realized that he had passed Etah and that it was too late to pull back, he stopped his train and running ahead endeavored to flag the passenger train. The passenger train was upon him, however, before he succeeded.

#### Ran by the Siding.

Parkersburg, W. Va., Jan. 20.—Two freight trains met in head-end collision on the Baltimore and Ohio railroad six miles north of here Sunday, killing the engineer and fireman of one train and injuring a brakeman. Ten cars were piled up and both engines were almost demolished. Engineer Sorrell had ordered to pass at Vienna siding, but he was relieving his fireman, who was new and exhausted, and passed the siding without knowing it.

#### Wrong Man Killed.

Shawnee, O. T., Jan. 20.—B. B. Hunt of Huntsville, Mo., was shot and killed here by John Seville, who mistook him for an enemy. He went to Seville's home and demanded admittance. Seville had experienced trouble Saturday with other persons, and supposing that they had returned to open the quarrel, refused to admit him, and shot through the closed door. Hunt dropped dead on the steps.

#### Priest Hanged Himself.

St. Louis, Mo., Jan. 20.—Frederick Krainhardt, a Catholic priest, residing at Josephville, Mo., committed suicide at the Alexian Brothers' hospital in this city by hanging himself with a bed sheet. Rev. Krainhardt was 62 years old and had officiated in a clerical capacity at Josephville for 30 years. He had been taking treatment at the hospital for nervous troubles since April, 1900.

#### Jeweler Killed by Robbers.

Rochester, Jan. 20.—Bela E. Brown, aged 65, a prominent dealer in diamonds and manufacturer of jewelry, was found murdered in his store here. His legs were tied together and he was gagged with a long neck scarf. At the back of the head was a hole extending into the brain and there were a number of cuts about his head. No clue to perpetrators. Robbers secured few valuables.

#### Death to Rioters.

Buda Pesth, Jan. 20.—During an agrarian riot in the village of Alsoides in the County of Maros-Torda, Transylvania a mob attacked the government officials and the gendarmes were compelled to fire on them. Ten of the mob were killed and 13 were severely wounded. One of the wounded has since died and four of them are not expected to recover.

#### Indians Want No Fences.

Muskogee, I. T., Jan. 20.—News has been received at the office of the United States Indian agent at this place that the Snake Indians, who live southwest of Checotah, have been giving citizens in that neighborhood trouble about fencing their allotments. They are headed by Abe Grayson, and are ordering citizens to stop fencing.

#### Violinist and Actor Dead.

New York, Jan. 20.—Joseph Burke, the violinist and actor, who achieved prominence as the accompanist to Jenny Lind on her tour in 1850-51, died here in his 86th year.

### BUILDINGS COLLAPSED.

Four Four-Story Structures at Detroit Completely Destroyed.

Detroit, Jan. 20.—Four buildings, each four-story, located in the heart of the wholesale district of this city, collapsed at 8:30 o'clock Sunday night without any apparent cause and all that now remains is a heap of ruins.

The buildings were a part of the block bounded by Jefferson avenue and Shelby and Griswold streets, and were occupied by five concerns, and the loss on their stocks, which is total, is estimated at \$152,000. The loss on the buildings amount to \$250,500.

No one seems to know what caused the collapse of the buildings. There are evidences of an explosion about the ruins, but no one heard a sound of such an explosion.

The walls of the rear part of the Maddock's Glove company's building are still standing to the height of two stories, but the roof of this part of the building lies turned bottom side upward in the middle of Shelby street, and a large iron smokestack lies on the sidewalk on the opposite side of the street, smashed against the buildings there, as if driven by force.

It was fortunate that the wreck occurred on Sunday night. Had it happened during business hours the loss of life would have been appalling as there were approximately 200 persons employed by the various firms.

The buildings collapsed into a heap, and in a short space of time the inflammable material caught fire from the furnaces used for heating the buildings. There were no watchmen about the premises, consequently there will be no loss of life.

### MEMORIAL SERVICES.

Next Sunday McKinley Services Will Be Held in Many States.

Cleveland, O., Jan. 20.—The request by Governor George K. Nash of Ohio to the governors of all the states and territories to join with him in asking the people to properly observe the fifty ninth anniversary of the birth of William McKinley has met with immediate and hearty response. Nearly every governor has either issued a proclamation or semi-officially requested that there shall be memorial services on the Sunday preceding—January 26—in all the churches, that contributions be there received, and that all people testify by their voluntary offerings their love and devotion to the dead president. In many states public schools will hold special exercises and give to the fund.

In any community where there is no local auxiliary of the McKinley National Memorial association contributions may be sent to the treasurer, Myron T. Herrick, Cleveland, Ohio. The funds will be applied to the erection of a fitting memorial tomb to William McKinley, over his last resting place at Canton, Ohio.

### Explosion of a Locomotive.

Des Moines, Jan. 20.—A boiler of a Rock Island passenger locomotive exploded near Victor, Iowa. Engineer and fireman both killed while the brakeman and two porters were seriously injured. A Pullman car was thrown from the track and rolled down an embankment. None of the passengers were seriously injured.

### Child Burned to Death.

Dallas, Jan. 20.—Gracie Claus Rast, aged 4 years, died at 224 Portland street from the result of burns three or four days ago. She was sweeping in front of the fireplace in her home when the fire came in contact with her dress and she was burned severely before assistance came.

### Robberies at San Antonio.

San Antonio, Jan. 20.—The residence of Otto Koehler, the brewer, on Laurel Heights, and the residence of William Weiss, near Koehler's were burglarized Saturday night, evidently, from the character of the work, by the same man, and diamonds and jewelry valued at \$5,000 were stolen.

### WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even the greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get all of Dr. G. G. Green's reliable remedies at the Wilson-Jenkins Drug Co's. store, Bryan.
